

Sensory Guide to Teacher Conferences

This organizer is designed to help guide you through conversations with your child's teacher to better understand their participation fully during the school day. These questions will help you learn about your child's non-academic skills and needs in the classroom.

? ORGANIZATION

Are they able to **find** materials for projects?

Is their desk/cubby **organized**?

How are they with **multi-step** directions? Independent work?

? TRANSITIONS

Do they need **extra time** settling in/packing up?

How are they standing **in line** or in the hallway?

What's the **hardest** part of their day? When do they **shine**?

? SOCIALIZATION

Do they give peers **body space**?

How is their **participation**?

Are they able to **focus** with the hustle-and-bustle of the classroom?
